

CABLE CUTTERS ESK5 SERIES

ELECTRO-MECHANICAL BATTERY OPERATED CABLE CUTTERS

For copper and aluminium cable cutting up to 54mm
diameter

The ESK5 Series cable cutters are designed to cut all types of electrical cables excluding armored. This battery tool is ergonomic, compact, lightweight and durable in design. The basic construction provides trouble-free maintenance and reliability. The automatic return function makes repetitive cuts simple and easy.

CHARACTERISTICS

- Electro-mechanical
- Capacity up to 54mm diameter
- Li-Ion battery 18V / 5.0Ah
- Battery compatible with the crimping range
- Double trigger action with safety lock
- Adjustable automatic return
- Easy opening blades
- LED equipped cutting area

KIT CONTENTS

- Cable cutter ESK5
- 2 Batteries BL1850B
- 1 Charger CLM1890HC
- Plastic case CP-ESK5X

CUTTING CAPACITY	ESK50	ESK55	ESK54
Max diameter (mm)	50	54	54
Copper capacity (mm ²)	500	500	500
Aluminium capacity (mm ²)	800	800	800
AAAC capacity (mm ²)	600	600	600
ACSR capacity (mm ²)	-	-	320
Autonomy	100 to 120 cuts with 5.0 Ah battery
