

## Characteristic

- **Easy and efficient operation**
  - Open head and rotatable with 350°, flexible in limited space
  - One button operating concept for controlling all tool functions
  - MRS(manual retract stop) for efficient operation
  - Simple one-hand operation via remote control
  - Automatic retraction when operation is complete
- **High performance**
  - Special blade, light and strong; cutting 300mm<sup>2</sup> ACSR smoothly
- **Safety protection**
  - Quick motor stop for high user safety
  - Cutter head protective shell ensures the shear stability
  - Remote control function and LED for work area illumination guarantee the safe and stable operation
- **Digitalization enabled**
  - All data can be easily read via Bluetooth

## Technical Data

<b>Model</b>	<b>ES35RMCCFM</b>
Head type	Cutter open
Cutting Material	ACSR, Cu/Al
Cutting capacity	Maximum to 300mm <sup>2</sup> ACSR (40mm <sup>2</sup> steel core)
Opening range	35mm
Weight (exclusive of battery)	2.4KG
Size (inclusive of 2.5Ah battery)	489.9mm*146.4mm*85.1mm
Cutting period	5-8s (depending on material thickness)
Cutting times for a single charge	~90 times (cut 300mm <sup>2</sup> ACSR)
Battery	18V 2.5Ah

## Order Information

Order No.	Product Description
ES35RMCCFM	Kit (including ES35RMCCFM cutter*1, 2.5Ah battery*1, charger*1, Robust plastic box*1, Bluetooth remote control*1, Hotstick holder*1)

### About Klauke

Founded in 1879, Klauke has been enjoying its fame in the industry for its high-quality tool products and electrical connection technology for crimping, cutting and punching. Over the past 140 years, Klauke has provided special-purpose solutions to meet the demands of all walks of life.
